TAKEN TO SENATE
FOR ACTION THERE****Sensenich of Westmoreland
Proposes Drastic
Measure.****UTILITIES BILL AGREED UPON****Farmers are Not Exempted from Liability Under Workmen's Compensation Act Although Payable Members Vote in Favor of Letting Them Out.**

Special to The Courier.
HARRISBURG, March 12.—The continuous performance of drinking booze out of Pennsylvania, which hasn't done much driving as yet, as far as the Legislature is concerned, is still being staged. The latest move has been made by Senator Chester D. Sensenich of Westmoreland, who has handed the Senate an aliphatic bill for consideration. Sensenich would amend the Brooks law to effect that licenses must be refused when 51 per cent. of the voters petition against their granting. He declines at Harrisburg say the bill is introduced for the principal purpose of getting Senators on record. Hereafter the liquor fight has been limited to the House.

The Progressives have agreed on the Public Utilities bill proposed by the Republicans and drawn by Attorney General Bell. The measure, drafted by the Republican Legislative Committee will be dropped.

Senator Grow has introduced a measure into the Senate providing for the repeal of the measure which denies the right of water companies to exercise the right of eminent domain.

Efforts to exempt farmers from responsibility under the Workmen's Compensation Act was defeated in the House. Howard, Goss and Keegan of Fayette voted for the farmers, Goss being absent.

The Richards bill permitting coloring matter to be used in olivomargarine has been reported favorably but the use of the product is strictly regulated.

A new code of laws governing the office of County Coroner and the duties of the Coroner has been introduced into the House of Representatives by Assemblyman Charles A. Ambler of Montgomery. A section of the bill provides that it shall be the duty of the Coroner to investigate any fatal accident in any of the bituminous coal mines in the State after he has been notified by the Mine Foreman, Superintendent of Mine Inspector, or by the Coroner to the mine where the accident occurred and make an investigation. The Coroner is required to summon a jury to ascertain what caused the accident was preventable, and if so, to determine what means will in the future prevent the recurrence of such an accident. It is the duty of the Coroner to notify the Mine Inspector of the cause of the accident and the time and place of the accident so that he may be present if he so desires and offer testimony.

Due to the fact that the conferees of the Senate and House have been unable to agree on what form of investigation of the payrolls of the Legislature should take, the House this morning adopted a resolution presented by Representative Hume, directing that a committee be appointed by Speaker Allen to probe the charges of dual officeholding by employees of the State, and to report to the House on April 1. Speaker Allen appointed as members of this committee Representatives Hume, Glick, Forester, Kennedy and Donnelly.

A bill was introduced by Representative Jones, providing for a new plan of State aid for township road improvements. The bill provides that Township Supervisors shall elect a commissioner to supervise road work.

Bill passed in the House today include the following: Authorizing the employment of male prisoners in county jails on road work; making it a misdemeanor to make false statements in writing for the purpose of securing money or any kind of property; prohibiting the killing of quail for five years.

ENGINEER IS ARRESTED.
Charged With Criminal Negligence in Week.

UNIONTOWN, March 12.—Charles E. Griffin, engineer on the Pittsburgh & Yorkville railway, was arrested by Constable Charles Hett yesterday, charged with criminal negligence, and was held for court by Justice of the Peace Daniel M. Dierck. He was committed to jail in default of \$5,000 bail.

It is alleged that February 17 Griffin, while running a freight train, ran past three danger signals and crashed into the rear end of another freight train at Childs station. Alva A. Snyder, a brakeman, and Ernest C. Burton, a conductor, were killed.

New Hampshire Names Democrat.
CONCORD, March 12.—Henry F. Halls, Democrat, elected United States Senator from New Hampshire today, receiving 159 votes. One hundred and eighty-six votes were necessary for election.

Will Go to Hospital.
Mrs. Joseph Baker of Connellville will be taken to the Mercy hospital, Pittsburgh, tomorrow for treatment. Mr. Baker is a blacksmith of Pennsylvania.

FIGHT IS NOW ON**Mexicans Clash at Sonora Along the American Boundary.**

NOGALES, Ariz., March 12.—The long delayed battle between the Constitutionalists and Federalists in Sonora began this morning at daybreak, when the rebels from the hills began firing on the town of Nogales, Mexico.

Nogales, Arizona, and Nogales, Mexico, are one town, though under different governments. The main street of the place is the boundary line. United States soldiers are patrolling the Main street today, protecting American interests.

General O'Brien is commanding the Constitutionalists and General Kuehler is in charge of the federalists. The attack began after the Federal General, with 400 troops, refused to surrender. Fighting was brisk for a time, but it was mostly done at long range and the number of killed and wounded was not great. It was learned that during the first clash 17 Federalists were killed and 11 were wounded. The number of Constitutionalists killed has not been ascertained.

Captain Smith, who is in charge of the United States troops, which are patrolling the town, notified both sides that no shots must be fired over the border.

DENIES THE CHARGES**Superintendent Involved in Thaw Scandal Makes Reply.**

ALBANY, March 12.—A general denial of all of the charges made by Governor Sulzer's committee of inquiry, was made this morning by Superintendent Scott, of the State Prison Board. When the commission formulated its findings into charges against Superintendent Scott and presented them yesterday afternoon, the accused man immediately called his attorneys together and held a conference.

In a statement issued today, Superintendent Scott says that the Sulzer committee, during its hearing showed him scant courtesy. He said that as soon as he learned that charges were to be made against him, he immediately discharged him, and that the resignation of Dr. John Russell from Matamoras was received by him before he learned that his actions as Superintendent of the institution were to be criticized.

With reference to the treatment accorded Harry K. Thaw by Dr. Russell, Superintendent Scott says that there is nothing unusual in it. Thaw was not violently insane and, therefore, he sees little reason for keeping him closely confined.

DISCUSS JAIL LAW**Somerset County Sheriff Attends Conference at Harrisburg.**

SOMERSET, March 12.—Sheriff Chester F. Huchard has returned from Harrisburg where he attended a meeting of Sheriffs from a number of counties at which they discussed a bill introduced in the Legislature concerning the management of county jails in counties where wardens are not now employed. The proposed new law would effect Somerset.

In such counties the new law would take the management of the jails out of the hands of the Sheriffs and place them under the control of a Board of Jail Inspectors. It would mean that the Sheriff could not reside in the jail and it is claimed by the Sheriffs interested, unnecessarily increase the expenses of the counties affected in connection with the new law.

The Sheriff's official activities to purely local matters, holding sales, drawing fines, and serving writs, subpoenas, etc.

BULL MOOSERS GATHER.**State Progressives Open Conference in Philadelphia Today.**

PHILADELPHIA, March 12.—With nearly 2,000 delegates in attendance, the first annual Progressive State conference opened here this morning. Clifford Pinchot delivered the principal address of the morning session, and Allen Day Allen of Pittsburgh spoke.

Theodore Roosevelt, who is expected to arrive in this city this afternoon at 2 o'clock, will deliver the chief address at this evening's session. Former Senator Albert J. Beveridge of Indiana, will speak at one of the sessions tomorrow.

WANT BARBERS LICENSED.**Connellville Township Artists Favor Proposed Bill.**

Connellville barbers are taking an interest in the bill for the licensing of barbers introduced in the House at Harrisburg. The legislators have given the barbers an opportunity of declaring themselves for or against the bill before its final passage.

Sentiment here favors the proposed act. Letters were sent yesterday to Representative Steele and to Representatives from this county, asking them to support the measure.

DAD IS FOXY.**Names All Three Triplets After Woodrow.**

WASHINGTON, March 12.—Two sets of triplets and three sets of twins have been given the name of Woodrow Wilson since March 4.

A Texas dad got around the two name-three youngest difficulty by naming 'em Woodrow Brown, Wilson Brown and Woodrow Wilson Brown. The nickname will be Woodie just the same.

Appears on Deck but Once During the Voyage and Son-in-Law Urges Him to Sail for America at Once; He Plans Trip to Germany and England.

United Press Telegram.
NAPLES, March 12.—J. P. Morgan, on his way to Rome, refused to be persuaded by his son-in-law, Alfred D. Morgan, to sail for America at once. He plans to visit King Victor Emmanuel.

Herbert Battersby, Morgan's son-in-law, urged the great financier to continue on the Adriatic to New York, but Morgan refused. In Rome he intends to visit King Victor Emmanuel.

Leaving Italy the Morgan party will proceed to Germany, where an effort will be made to obtain an audience with King William, and thence on to England, where they will meet King George. Other plans call for visits upon several well known scientists who are Morgan's warm personal friends.

It is said here that Morgan realizes that this will probably be his last visit to Europe and that he intends to make the most of it.

"MOTHER" JONES ILL**Breaks Down After Standing Ordeal of Her Trial.**

CHARLESTON, W. Va., March 12.—"Mother" Jones, angel of the miners, who is a prisoner in the Cabin Creek district, is ill at the little town of Trappe. After withstanding the ordeal of the long trial successfully, she broke down last evening and had to be carried from the little court room by attendants.

The Military Commission which is hearing the cases against "Mother" Jones and the other 48 defendants, charged with being instrumental in the murder of two men during the Paint and Cabin Creek disorders, continued its hearing today.

The Military Commission concluded its hearings this morning, but refused to make known its findings until Governor Hatfield has examined them. It is probable that "Mother" Jones and the 48 minor defendants will learn their fate Saturday.

Get Marriage License.

Terese L. Metz and Joseph M. Jagolka, both of Connellville, were granted a marriage license in Greensburg yesterday.

**COUNCIL COMMITTEE FAVORS
PASSING ELECTRIC FRANCHISE****South Connellville Councilmen Hold Consultation With Borough Solicitor.**

A committee of South Connellville Councilmen met with the borough solicitor, Attorney F. E. Younkis, last night for the purpose of considering the ordinance granting a franchise to the West Penn Electric Light & Power Company. The document was gone over thoroughly to ascertain if any of its provisions conflict with any ordinances now in force.

No conflicting sections were discovered and the committee decided to report the ordinance favorably to Council at its special meeting Saturday evening. The committee consisted of Councilmen J. J. McCarthy, James T. Hoids and Joseph A. Mason.

It is doubtful if the ordinance will ever go into effect. While it is said that there are a sufficient number of Councilmen in favor of it to give the company the franchise, yet this number is not large enough to pass it over Burgess Samuel Lee's veto. It is said on good authority that the Burgess will veto the ordinance when it comes to him for his signature.

Bollermakers John Strike.
PITTSBURGH, March 12.—The bollermakers joined the strike of the machinists and laborers of the Pittsburgh & Lake Erie railroad today. The laborers walked out first, and officials of the company state that their threats compelled the bollermakers and machinists to strike.

Normalville Resident, Well Known, Is Victim of Dropsy.

Mrs. John L. Shultz died this morning at her home at Normalville following a lingering illness of dropsy. Funeral Saturday afternoon at 2 o'clock from the family residence.

Rev. Hingler, pastor of the Methodist Episcopal church at Ohioville, will probably officiate.

Mrs. Shultz was a member of the Methodist Episcopal church since childhood. She is survived by her husband, who is a Civil War veteran, two sons, William K. of Normalville; Jacob K. of Fort Hill; one brother, Jonathan Kern of Houndrad, W. Va., and several grandchildren. A daughter, Mrs. William Dennis is deceased.

**JURY IS OBTAINED
TO TRY PAINE FOR
SUPERBA MURDER****Special Venire Required to Complete the Panel Today.****GATTI CASE COMES TO CLOSE**

Jury Will Retire After Arguments are Completed This Afternoon; in Accused of Killing Man at Big Meadow Run Last February; Other Cases.

Special to The Courier.
UNIONTOWN, March 12.—After a special venire of 50 men had been summoned this morning a jury was completed to try John Payne on the charge of killing "Shorty" Thomas at Superba. When court adjourned last evening only nine men had been accepted and the panel was exhausted.

The jury was completed about noon today when the trial began. The first witnesses will be placed on the stand this afternoon.

Testimony for the defense was concluded this morning in the murder case of Marco Gatti, charged with the murder of Oliver D. Blais at Big Meadow Run on February 2. Gatti contends he fired the fatal shot in self defense. The case will go to the jury this afternoon.

Waltersburg, March 12.—The bollermakers joined the strike of the machinists and laborers of the Pittsburgh & Lake Erie railroad by P. L. Walker of Waltersburg who charged negligence caused injuries to his wife, who was hurt when a passenger train started before she had time to alight. The accident occurred on August 12 at Waltersburg.

NEW APPORTIONMENT BILL.
Democrats Have a Different Plan for Congressional Districts.

The Democrats at Harrisburg have introduced a Congressional apportionment bill into the House. It differs widely from the Republican measure which was passed by the House.

Under the proposed bill Fayette would be linked with Greene county instead of being a separate district as the Republicans propose.

Somerset, Bedford and Blair would form a district, Washington and Beaver another and Westmoreland alone as one.

DEFENDANT PAYS.
Angelo Gullio was arrested yesterday by Constable Roland of Dunbar township on a charge of assault and battery made before Squire P. M. Buttermore of the West Side, by Andy Bogal.

The trouble occurred in Connellville on Tuesday. The case was settled without a hearing by the defendant paying the costs.

LOSES HIS MIND.
Breakneck Man Thinks That He is a Millionaire.

Samuel Basinger, aged 50, of Breakneck, suddenly lost his mind last Tuesday, and is now laboring under the delusion that he is a millionaire.

A physician from town attended him yesterday afternoon, and recommended that he be sent away to an institution for the insane.

Coroner Will Hold Inquest.
Coroner J. E. Bell will hold an inquest this evening at 7:30 o'clock at funeral Director C. C. Mitchell's establishment into the death of Tony Minnora, who was killed in injuries suffered in the mines at Bitner.

SEEKS TO SAVE MAUS**Insanity Plea Will be Made for Somerset County Murderer.**

SOMERSET, March 12.—Attorney Anson C. Holbert, counsel for John Maus, convicted of murder of the first degree and awaiting the fixing of the date of his execution, will ask the State Board of Pardons to commute the condemned man's sentence to life imprisonment, at a hearing to be held in Harrisburg on Wednesday, April 16.

Insanity will be the plea presented by Attorney Holbert. It will be argued to the Board that near relatives of Maus have been insane at times, and that his mother has on several occasions been committed to an insane asylum. Maus inherited the malady from his mother to the extent that he should not suffer the death penalty, it is claimed.

The board will be urged to grant a commutation on the additional ground that there is uncertainty and doubt as to Maus' guilt and that the jury's verdict of "guilty" was based entirely on circumstantial evidence, there having been no positive testimony adduced against him.

Maus was arrested and convicted for the murder of Harrison Brown, a star route carrier between Confluence and Dauchley on September 14.

REISINGER IS NOT DEAD
Report Circulated in Somerset Yesterday Proves Unfounded.

Samuel Reisinger, the former Connellville man now located in Somerset county and an applicant for a hotel license at Hoopersville, is not dead, as reported by The Courier's correspondent at Somerset yesterday. Neither is Mr. Reisinger at the Mark Nelson sanitarium.

J. C. Reisinger, a brother, arrived in town from Pittsburgh last evening. He had just left Samuel Reisinger, who has been ill, although his condition is not particularly serious. The brother seemed to think that the reported license fight now in progress in Somerset county was responsible for the story and needed enemies of the applicant with circulating the information.

At Somerset it was stated that reports of Mr. Reisinger's death had been widely circulated. He had come from apparently reliable sources and were taken in good faith.

Wilkinsburg Man Wins Allocated Suit Against Relative.

GREENSBURG, March 12.—In the suit of Parker Riddle of Wilkinsburg against his cousin, Chester A. Riddle of Greensburg, to recover \$10,000 damages for the alienation of his wife's affection, a divorce having awarded the plaintiff \$416.75.

This is the third time the Riddle have been in court recently owing to strained domestic relations. Parker Riddle sued for a divorce in this county, naming Chester A. Riddle as correspondent. The divorce was refused. The couple had litigation in the Allegheny county court over the possession of their 1-year-old daughter and the wife was successful.

MEET CHURCH TRUSTEES.
Woolworth Representatives Take Proposition to New York.

Representatives Smith and Sine of the F. W. Woolworth Company were here from New York on Tuesday and met with the trustees of the First Presbyterian church regarding the sale or lease of the church.

The trustees are in favor of either, and both propositions were put before the representatives. Before any action can be taken on the matter the propositions will have to be presented before the Board of Directors of the F. W. Woolworth Company which will probably not be held before April.

BASEBALL LEAGUE****Tom Silcox, Coker Pitcher,
is Named Manager of
the Team.****WILL PLAY SATURDAY GAMES**

Greensburg, Johnstown, Jeannette, Irwin and Scottdale Also in Circuit; Local Fans are Interested and Have Promised to Support the Project.

Baseball for Connellville during the coming summer is virtually assured. Tom Silcox, who came here several years ago to pitch for the Cokers, has been appointed manager of the club and is already selecting players.

A representative of the Greensburg baseball interests behind the movement to establish a six-club circuit to swing through this section, was in town the other night, talking with men interested in the game. They assured him that they will help make the league successful.

Present plans call for the formation of a league consisting of six towns. Teams will be placed in Greensburg, Johnstown, Jeannette, Irwin, Scottdale and Connellville. All are first class baseball towns and are expected to draw large crowds.

Johnstown was in the Tri-State circuit until last summer, when it dropped out. Jeannette, Irwin and Greensburg have had good teams and contain hundreds of enthusiastic fans.

Scottdale has a reputation as a baseball town in well known.

The final meeting to complete organization of the league will be held in Greensburg, the latter part of the week. Representatives from the six cities will be in attendance and will elect officers to serve during the year and formulate a playing schedule.

Games will be played on Saturdays and on holidays. According to the promoters the fans should be able to gratify their desire for the national game sufficient with 22 days a week and three holidays in the playing season. An effort will be made to have contests here on Memorial, Independence and Labor Days.

Tom Silcox was approached with an offer to take charge of the team. Since he discarded his baseball tocs two years ago, when he was a member of the Connellville team. Tom has been working for the Connellville Machine & Car Company. He accepted the proposition with the understanding that he is to have a free rein in directing the destinies of the club, and is now casting about for good material. The playing season will probably open about the first of May.

UNIFORMS HELD UP
New Cops Waiting Patiently for Police Committee to Act.

Unless the Police Committee of Council meet soon to decide upon the style of uniforms for the patrolmen, new cops will take it upon themselves to follow their own fashion in purchasing them. When the police force was reorganized, Chairman Hett of the Police Committee announced that a style of uniform and color and texture of cloth would be selected by his committee, and that each patrolman would be expected to purchase his wearing apparel in accordance with the committee's selection. Nearly a month has passed since then, and no effort has been made to hold a meeting of the committee.

In the ranks of the patrolmen, the military cut is favored by a few, but to others it is objectionable. Each cop has his own opinion as to the proper style of dress that should be chosen, and hardly two of them agree on the same cut or shade of cloth.

FIRE COSTS THREE LIVES.
Mother and Two Children Dead. Four Others Injured.

UNIONTOWN, March 12.—As the result of a fire at Elbert yesterday morning, three are dead, three others are said to be dying and one, an infant child, has a chance to recover. The dead are Mrs. Emma Nouts, 29 years old, and her two children, Louis, 6 years old, and Ella, 4 years old. It is said that Mary, 10, Henry, 7 and Julia, 2, will also die. John, the 2 months old baby, will recover.

The mother and two children died yesterday after being brought to the hospital here. The fire was caused by an oil lamp explosion.

SQUIRE BIXLER ACTS.
Dispenses Justice in Absence of Burgess J. L. Evans.

"We need the money. Pay up," said Squire A. G. Bixler this morning, when George Lesser, arrested for drunkenness, tried to get off without paying his fine. It transpired that George only had \$2 while the amount of his fine was \$5. He was sent back to the cell to serve the 48 hours.

Squire Bixler presided in police court today in the absence of Burgess J. L. Evans, who is spending the day in Pittsburgh.

Arrested for Attack.
George Cipri was arrested by Constable William Roland of Dunbar township on an information made before Squire P. M. Buttermore of the West Side. Cipri is charged with attempting to shoot Joe Pesky during a fight at a Christening at Bitner.

Millions Die of Kidney Disease: Tens of Thousands Have It Right Now and Never Suspect It.

The surest and wisest plan to always keep the kidneys healthy and free from poisonous matter that leads to Bright's disease, dropsy and other serious diseases is to take a few doses of Thompson's Barosma every three months.

It is a harmless vegetable remedy put up in liquid form, is quickly assimilated and acts to cleanse the kidneys at once. If your kidneys are weak, inflamed or clogged up, Thompson's Barosma will put them in splendid shape again. If they are not diseased, this greatest of all kidney remedies will tone up your system anyway.

Graham & Co., Connelville, S. A. Lowe & Co., Scottsdale, sell Thompson's Barosma for \$1 a bottle on money back plan. It never fails to cure backache, sideache, sharp shooting pains and all kidney, liver or bladder disease. In conjunction with Barosma always take Thompson's (25 cents) when constipation is present. THE COAL TRADE

Urgent Demand for Lake Coal Causes Early Shipments.

The demand for Lake coal has been exceptionally urgent during the past several days and as a consequence Lake shipments are being resumed much earlier than usual. Several mines have already begun to ship their tonnage and others are preparing to follow.

Already a large number of boats are docked on the lower lakes awaiting their first consignments. It is expected that this movement will result in miners working adjacent to the Pittsburgh district returning to that field, thereby relieving the labor shortage to considerable extent.

Prices are generally fair. Pittsburgh district operators are holding off on future contracts, reluctant to go below \$1.40 for 4-inch screened coal, some of them have gone to \$1.50. In the Fairmont district the operators have, in some cases, advanced to \$1.30 a ton, which is virtually the price obtained by Pittsburgh district operators whose land is worth \$1,000 an acre to \$250 or \$300 in the West Virginia field.

Because of the scarcity of crude oil and subsequent high prices many western coal companies are entering the market and some of them have placed inquiries in the Pittsburgh district.

A car shortage is causing some concern and the Lake business depends largely upon the ability of the railroads to handle the tonnage.

CONCERT TONIGHT.

Entertainment is being given to All Boy Campers.

The Haw Concert Company will give an entertainment this evening at the First Presbyterian Church under the auspices of the Boys' Camp Club of the Y. M. C. A.

FEEL BULLY? TAKE CASCARETS TONIGHT

Gently Cleanse Your Liver and Sluggish Bowels While You Sleep.

Sick headache, biliousness, dizziness, and constipation, food taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes constipation and that dull, throbbing, sickening headache.

Safe, cathartic pills oil and purgative waters force a passage for a day or two—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the bowels, break down constipation, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the accumulated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep, a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels clean and regular for months.—Advertisement.

SOPHOMORE CLASS PLAY.
High School Students Will Present It on March 20.

The Sophomore Class of the High School will hold its annual class play on Thursday evening, March 20, in Carnegie Library. Members of the cast of characters have been rehearsing their parts faithfully for several weeks under the supervision of Miss Mabel Slout, one of the teachers of English, and it is anticipated that the affair will be a success.

Two short sketches will be given. The first, "Cranford," is taken from the novel by that name. The second is a translation from the German, "Eigensinn."

HAS A BROKEN NECK.
Dayton Man, in Town Now, Has Head in Harness.

One of the few persons living with a broken neck is in town today. Alonzo Soulin, who suffered a broken neck at Dayton, Ohio, in 1906, arrived here last evening and expects to spend several days here.

After receiving treatment in a hospital for six months, he was discharged. A brace was strapped about his back and this holds his head in position. Mr. Soulin is selling booklets under the supervision of Miss Mabel Slout, one of the teachers of English, and it is anticipated that the affair will be a success.

Will Not Lose Foot.
Martin McIntyre of Telegraphing No. 1 who was injured in a street car accident Monday night, is resting easily at the South Side Private hospital. It is likely he will not lose his foot as the result of the accident.

Investigates Cox Home.
Health Officer E. Rottler this morning investigated the home of A. S. Cox, Snyder street, a member of the family having recovered from an attack of typhoid fever.

PASTOR IS INSTALLED

Rev. W. H. Smith Takes Charge of Colored Church at Vanderbilt.

Installation services were held at the Saint Paul Baptist Church at Vanderbilt last evening when Rev. W. H. Smith was formally named pastor. The new minister comes from Petersburg, Va., where for several years he taught in a theological seminary. One of his former students, Rev. H. B. Crockett of Scottsdale, was present at the installation. Other ministers in attendance were Rev. C. P. Herling, pastor of the A. M. E. Church of Connelville, Rev. Bell, pastor of the Methodist Episcopal Church at Vanderbilt, Rev. R. D. Epps, pastor of Mount Zion Church of Connelville, and Ansel Chambers, superintendent of the Sunday School, Armistead Johnson, a deacon, spoke, and Thomas H. Brown, vice master, of ceremonies.

About 200 were present. The new pastor was presented with a suit of clothes, hat, shoes, shirt, collar and other useful articles.

SIMPLE NEW REMEDY

HIS POWERFUL ACTION.
It seems strange to many people in Connelville that the simple mixture of buckhorn bark, glycerine, etc., as compounded in Adler-Lika, has such a quick, powerful action. Our customers state that JUST A SINGLE DOSE usually relieves sour stomach, gas on the stomach and constipation, so QUICKLY that it is really astonishing. Many say Adler-Lika is the best bowel and stomach remedy we ever sold. F. H. Harmerling, Druggist, 816 West Main street.—Adv.

Entertains at Scottsdale.
Mrs. H. W. Phillips was hostess at a 6 o'clock dinner last evening at her home in Scottsdale. Mrs. J. A. Wilson and Mrs. W. H. Francis, both of Connelville, were out of town guests.

Anniversary Brass Bed Sale

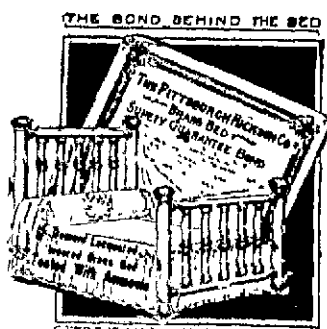

Demonstrating Hickson Process Untarnished Finish Beds IS A GREAT SUCCESS

The women of this city, many of whom had lost confidence in the brass bed because of the lacquer, were much interested in Miss Redmond's educational talks explaining and showing how ordinary brass beds became tarnished through a few drops of ammonia.

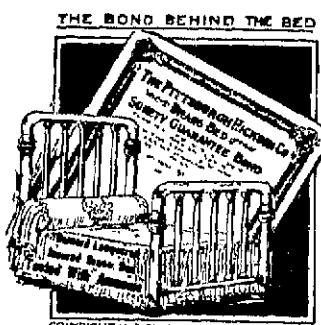

Our Hickson Process Lacquer Finished Brass Beds went through the test unharmed even by strong acids. Remember, we don't ask you to be satisfied with our mere statements that these beds will not tarnish. We give you a signed **INSURANCE BOND**, guaranteeing the lasting quality of the lacquer.

If you contemplate purchasing a brass bed any time within the next year, you owe it to yourself to come and talk with Miss Redmond, our expert lacquer demonstrator, who will show how you can protect yourself against the disappointment of procuring a bed that will tarnish and become streaky, spotty and black.

Don't Buy any Brass Bed That Will Not Stand this Test, as to Its Lacquer Finish

Look at the massiveness of this beautiful Colonial style Brass Bed. You expected to pay near this price, but you are surprised at such a beautiful bed. Price elsewhere \$40.00. Our Special price.....**\$25.75**

MAKE THIS TEST

Miss Emily Redmond

Relative of the famous John Redmond, the Irish Labor Leader, Will Conduct This One Week Demonstration.

She is well versed in the separate processes of manufacture of Lacquer Brass Beds.

A series of tests have been arranged that she may clearly show the advantages of Lacquer Brass Beds over the ordinary shellac lacquer beds.

There isn't another person in the world who is more able, more efficient or better qualified to conduct these tests than is Miss Redmond.

Let her teach you the cure of Brass Beds in the home—no spots too harmful, no acids too strong to penetrate the delicate finish of these beds.

Kobackers Present Their Formal Spring Opening Today

CONCERTS BY
KIFERLE

Afternoon, 2.30 to 4.30
Evening, 7.30 to 9.00

With a welcoming expanse of show windows and with the interior of the store a lovely setting of palms, flowers and ferns, further beautified by the extensive merchandise displays, we are in supreme readiness for Style Show Days.

Every section of the "Big Store" is rich with fine, new, authentic things of fashion, from the foremost sources. The presentations, as a whole, representing a dignified style portrayed thoroughly in accord with the standards of the store and the expectations of its patrons.

The Kobacker Showing Also Excels in Their Offering of Medium-Priced Apparel

The woman who has \$15, \$20 or \$25 to spend for her Spring outfit, will find this store as wonderfully and fully prepared to supply her requirements as the woman who usually pays \$40 to \$60.

It is ever a severe test of a store's leadership to be able to sell high grade, fashionable and elegantly tailored apparel at a popular price, than to offer elaborate creations at a correspondingly elaborate price.

Spend this evening with us, at Dame Fashion's Home—the "Big Store."

The Display of Spring Millinery

Surpassing in range, charm and richness. If entire pages of this paper were crowded with descriptive matter about the Kobacker Millinery, not all could be said. This is a season of many styles, shapes, sizes, color and trimmings. Something to blend with every outline of face and every complexion.

As a correct and stylish representation of this season's creations in Millinery, the "Big Store's" exposition has no equal. Kobacker's Millinery is so satisfying—it instills in the purchaser the feeling that her hat is correct in shape, rich in material, properly blended in color and exclusive.

STRONG PROTEST MADE BY CITIZENS OF THE MILL TOWN

Declare That Scottdale Is Being Dealt With Unjustly by County.

IS HOLDING BACK PROSPERITY

For the Common People: Chairman J. P. Owens Hands the Resolutions to Chairman W. Dick Reamer With a Few Pointed Remarks; Notes.

Special to The Courier.

SCOTSDALE, March 12.—There was no love feast held between the County Commissioners and Scottdale citizens when the former were here to hold their annual valuation yesterday. Instead Scottdale people declared with asperity that the town has been "made a seat of" for the profit of the county treasury and that the common citizen lives in fear of the high rate of taxation. Scottdale, long suffering and unmarked by beneficence, seems to have risen to a passion over the conditions here. Prominent business men declare that the town, so far as building homes, is at a standstill. They ascribe this condition to high valuations existing here through instructions of the Commissioners to the Assessors' assessments, in many instances of which they point have been made still higher by the concurrent pencils of the County Commissioners. They further say that Scottdale and Monessen being null towns seem to

be looked upon by the Commissioners as good places whereby the county can raise revenue, citing the fact that to further cause this revenue raising a half mill added to the county tax this year hits the citizens still harder. Chairman J. P. Owens, during a full in the appeals being made by individuals during the afternoon, presented the resolutions to the Commissioners with a short speech, in which he called attention to the meeting of the citizens. The resolutions justified the meeting and the preparation and passing of the citizens' sentiments protesting against the high valuations placed upon properties in the borough of Scottdale in comparison to the valuations placed on other towns of Western and Central Pennsylvania. The resolutions further voiced the protest of the citizens against the Commissioners' ignoring the valuations made by the Ward Assessors, and closed by asking relief upon the part of the Commissioners from the present conditions. Chairman Reamer of the Commissioners looked up and said that the relief could be had by the individuals appealing. Mr. Owens came back with the statement that the Commissioners had asserted that day that the people might protest against their valuations but that was all the good it would do them. A short time before, as Commissioner George Brochbill and Mr. Owens met, the latter had brought this remark up to the Commissioner, who replied that sometimes things were said that meant nothing.

Commissioner Reamer insisted that no increase had been made, except where the Commissioners were in possession of the facts, and asked for an instance of an unjustified increase. Assessor C. L. Heister of the First ward stated that he had in his hands just such an instance. Assessor Chester R. Bocher of the Third ward declared that he could find in the room a dozen whose assessments had been increased over what he had placed them at.

Commissioner Reamer said that he wanted it distinctly understood that the Commissioners would grant no more to the rich man than to the poor one that they were in Scottdale that day to do justice to all. Mr. Owens asserted that the fault was right there, that in the most of instances the man with only a home was assessed to his full valuation, and that such a state with other towns paying on only 65 to 70 per cent. of their valuations is crippling Scottdale as a town of homes and retarding the progress that she is entitled to for her superior advantages along other lines.

The Committee on Resolutions was composed of J. L. Murphy, chairman; Borough Attorney P. R. Foltz, secretary; Henry Shirley, V. W. Yehner and Councilman M. L. Hauness. The committee in their report asked that publicity be given the resolutions through the local newspapers and the Connelville Courier.

The Commissioners are W. Dick Reamer, George W. Brechbill and W. G. Muse. Assessors C. L. Heister, R. Ward; R. L. Hill, Second Ward; C. R. Reicher, Third Ward, and Roy Baker, Fourth Ward, represented the Borough and A. J. Porter represented East Huntingdon township.

A NEW SUPPLY. The First National Bank of Scottdale has a fresh supply of circulars describing in full their Christmas Savings Club which starts on Monday. A call at the bank or a request by mail for one of these will be cheerfully filled.—Adv.

A MARKET.

The ladies of the First Baptist Church are planning a delicatesse market for the Owens & Ferguson store on March 21 and 22.

MARRIAGE. S. S. Harbaugh, known all over the county region as a bill distributor, in occupation which he followed for the past several years, is reported seriously ill with pneumonia at his home at the Cross Roads. Mr. Harbaugh last fall sold his distributing route to M. Sterbuzel of Everson and opened

a custom coal mine on his place, and has been following the coal business since.

Mr. Harbaugh, who walked thousands of miles and distributed a great deal of advertising matter during the last few years.

THE LAST GAME. The last game of the High School basketball season will be played at Ellavorth park auditorium on Friday evening, March 14, at 8 o'clock, between the Jrwin High School team, Jrwin is one of the fastest teams that the Scottdale High School team has played this season, and they play first class basketball. In the game, Jrwin scored a win was defeated in a very snappy contest, but on their own floor Scottdale hopes for a better result. There will be a preliminary game between the Juniors and Freshmen.

SURPRISE PARTY.

A delightful surprise was tendered Mrs. A. O. Evans at her home on Homestead avenue Thursday evening, March 6, when about 15 of her friends and neighbors gathered to help celebrate her birthday anniversary. Games and music were the forms of entertainment until about 10.30 when an elaborate lunch was served. The second surprise of the evening was the presentation of a beautiful library table lamp by her friends. Those present were Mrs. C. E. Rager, Mrs. Anne Shupe, Mrs. N. E. Durstine, Mrs. D. L. Fitzgerald, Mrs. L. R. Richer, Mrs. Arthur Ruth, Mrs. D. Griffith, Mrs. Arthur Collins, Mrs. T. V. Graft, Mrs. John Graft, Mrs. P. Hough, Miss Nina MacFarland and Mrs. Foster Lucky of Dawson.

MOUNT PLEASANT.

MOUNT PLEASANT, March 12.—Miss Olive Mitchell, daughter of Mr. and Mrs. William Mitchell, and John Baker, son of Mr. and Mrs. Emanuel Baker, were married at 12 o'clock yesterday at the Mount Pleasant township home of the bride, Rev. Nelson Clemens, pastor of the Evangelical Church at Stauffer, officiated. Miss Mabel Baker, a sister of the bridegroom, was maid of honor and Frank Mitchell, a brother of the bride, was best man. The bride wore a dress of white messaline trimmed in white chiffon. The color scheme was pink

and white, carnations were the center flowers used in decorating. An elaborate dinner was served, after which Mr. and Mrs. Baker left on their wedding trip and will be at home to their friends in Stauffer after March 18. Many beautiful presents were received.

The work left a daughter at the Depot street home of Mr. and Mrs. George Machin, Jr. Mr. and Mrs. John B. Coidsmith were also in Stauffer yesterday. Mrs. Olive Mitchell and daughter, Mrs. Burt Mitchell were called to Niagara Falls by the illness of Mrs. Rhinehart's brother, Mr. Hauger. Mrs. Elizabeth L. Kilgore and Mrs. James Sloan of Greensburg, were calling on friends in town yesterday.

With the first real pretty day of the season, real pretty day Street Commissioner George Armstrong got busy and is cleaning off the paved streets and washing them. The Home Missionary Society of the Re-Cotton Presbyterian Church held their regular monthly meeting at the Eagle street home of Mrs. N. A. Cort. Miss Dillon was the leader and "Immigration" was the subject. John Eaton of Trauger was a caller in town yesterday. Eleven cases of mumps have been

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeit and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines. It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. Therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves, but the child has to rely on the mother's watchfulness. Genuine Castoria always bears the signature of Chas. H. Fletcher.

THE COKE MARKET EXTREMELY QUIET WITH LOW PRICES

Due Largely to Off-Grade
Cokes Still Freely
Offered.

OVERBOUGHT BUYERS RESTRICT

Contract Requirements and Shipments
Much Curtained in Consequence;
Prospects of Better Coke Demand
Uncertain But Not Discouraging.

From The Weekly Courier.

PITTSBURGH, March 12.—The coke market has been extremely quiet the past week as to demand and transactions. Inquiry for prompt coke has been very light, while there has been practically no inquiry for contract coke. Offerings of standard grades of coke have been correspondingly light, but a great deal of coke has been offered which is slightly off grade. Such coke, while desirous for burning, is very much less than much of the coke which was kindly taken by consumers in December and January, is offering at large discounts from prices for standard, but does not seem in line to find a market at any price. Several sales of standard furnace coke for prompt shipment have been made at \$14.00 and \$12.50, while offerings of off-grade coke have been made at \$12.00 and \$11.00. In the other hand, coke running only slightly above standard in sulphur, and about 14% in ash, have been offered all around at \$12.00, with the probability that a lower price would be accepted, and no sales have resulted.

Several furnace interests have asked that shipments be curtailed or suspended on contracts, and these requests have been granted without the coke released being dumped on the market. This has resulted in a marked curtailment in shipments. The decreased requirements and the fact that every case believed to be due to the buyers having overbought during the famine, when they were somewhat excited. Frequently Connellsville coke was contracted for, but not delivered, and as well, the result being that quite a number of buyers would have too much coke if they received full shipments on all contracts, and when they made the contract they did not expect to receive full shipments. In a few cases furnaces have been working badly, or are consuming less coke per ton of iron than was expected. The rate of pig iron production has not decreased, and the latest reports indicate a record high rate as maintained on March 1. The prospects as to coke consumption during the first four months are uncertain. As to the steel works, they will unquestionably endeavor to produce the maximum tonnage of pig iron possible, all things considered, whether they will be able to keep up the rate of the past few months, as some of the furnaces are getting to the point of having to be blown out for relining or other repairs, where as there are very few idle steel works furnaces to take their place. Indeed, the statistics show that despite the improvement in the steel industry the steel works were in February producing pig iron at a rate only 3% in excess of the rate they reached last May. After that month the rate decreased, chiefly on account of weather conditions, and the May rate was attained again in October, since when there has been the slight increase of 3%.

As to the merchant furnaces, it is not a question of capacity but a question of demand for pig iron. There are many idle merchant furnaces, but the pig iron market has been dull and prices of foundry grades have been declining for two weeks, so that it is a question whether some of the merchant furnaces now operating may not have to blow out. Unlike the steel works furnaces, the merchant furnaces have shown an increase of 18% in the pig iron production from October to February. A buying market in pig iron is predicted for the near future, and it may put the merchant furnace industry on its feet again.

The general tone of the steel market has improved in the past week, and as regards actual specifications the steel mills are sold for a greater distance ahead than ever. As bars, plates and shapes the large mills have specifications to operate in full

to about October 1, on an average. In sheets and tin plates the specifications run to June, and are coming in at a good rate. The total contract obligations of the steel mills have been decreasing since the holidays, but the heavy specifications are regarded as more important than the reduced rate of contracting.

Petition Asks That He Be a Party to
Coal Suit.

A petition asking that Van Horn, the receiver of the Great Lakes Coal Company, be made a party defendant in the bill in equity filed by the Commonwealth Trust Company to foreclose on the property holdings of the company, was granted in the Allegheny county courts. There is outstanding bonds of \$2,185,000, which bear 6 per cent interest, and it is alleged in the petition that the interest defaulted amounts to \$54,516. In addition to this, there is an indebtedness of \$719,712. It is also averred that since the appointment of the receiver the indebtedness of the company has been increasing, and also that the property has depreciated in value. Permission to foreclose the mortgage, and to sell the property, and to assign and disburse the proceeds to the bondholders is asked.

The coal company owns holdings in Butler and Armstrong counties, bearing 6% interest, in which the company owns both surface and the underlying coal, and 22,950 acres in which the company owns only the coal underneath, in Allegheny and Kittanning counties. From these lands 700 acres has been mined, leaving 22,155 acres of coal.

ELDERLY FOLKS! CALOMEL, SALTS AND CATHARTICS AREN'T FOR YOU

Harmless, Gentle "Syrup of Figs" is Best to Cleanse Your
Stomach, Liver and 30 Feet of Bowels of Sour Bile,
Decaying Food, Gases and Clogged-up Waste.

You old people, Syrup of Figs is particularly for you. You who don't exercise as much as you need to; who like the easy chair. You, whose stercs are slow and whose muscles are less elastic. You must realize that your liver and ten yards of bowels have also become less active.

Don't regard Syrup of Figs as a physic. It stimulates the liver and bowels just as exercise would do if you took enough of it. It is not harsh like salts or cathartics. The help which Syrup of Figs gives to a torpid liver and weak, sluggish bowels is harmless, natural and gentle.

When eyes grow dim, you help them. Do the same with your liver and bowels when age makes them less active. There is nothing more important. Constive, clogged-up bowels mean that decaying, fermenting food is clogged there and the pores or ducts in these thirty feet of bowels

such this decaying waste and poisons into the blood. You will never get to feeling right until this is corrected—but do it gently. Don't have a bowel washout; don't use a bowel irritant. For your sake, please use only gentle, effective Syrup of Figs. Then you are not drugging yourself, for Syrup of Figs is composed of only luscious figs, senna and aromatics which can not injure.

A tempestuous tonight will gently, but thoroughly, move on and out of your system by morning all the sour bile, poisonous fermenting food and clogged-up waste matter without grip, nausea or weakness.

But get the genuine. Ask your druggist for the full name, "Syrup of Figs and Elixr of Senna." Refuse, with contempt, any other Fig Syrup unless it bears the name—prepared by the California Fig Syrup Company. Read the label.—Advertisement.

WRIGHT-METZLER OPENING SHOWS LATEST STYLES

The Prevailing Fashions in
Spring and Summer Goods
on Display.

GAY COLORS PREVAIL THIS YEAR

Every Department of the Big Store is
Artistically Decorated; Music is
Played Throughout the Afternoon;
Hundreds View Elaborate Display.

The annual spring opening of the Wright-Metzler Company held yesterday was a great attraction for fashionable shoppers. But even those who had not been desired and hundreds of persons took the advantage of it. The spirit of spring was everywhere in the store. The crowd was charming by the singing of dozens of the sweet voiced canaries heard from all parts of the store, the sweet strains of the orchestra and the marvelously beautiful display of spring and summer fashions.

The opening was the largest ever held. From early in the morning until the store closed at 6 P. M., every department was thronged. The decorations, in charge of L. E. Ogg, were carried out after the style of the Louis XIV period. They were effective. A color scheme of green and gold predominated.

The large display windows gave only a glimpse of the beauty of the store. A background of green and gold made a pretty setting for the rich displays. In the center of both windows was a pedestal. In a rough concrete effect, holding a white bowl of violets and maiden-hair fern. Around the base of the pedestal the same flowers were strewn. In the upper window was displayed a handsome gown of white crepe with a panel effect of heavy lace, which was to be extremely popular this year. A Venus de Milo drape of emerald green satin with heavy gold band trimming, a white coat trimmed of swan's cloth, with black and white striped revers, several beautiful creations in millinery, gloves and slippers, comprised the showing of fashions. The lower window was devoted to exclusive showing of the newest of spring and summer fashions in men's suits and furnishings. Cut glass was displayed in the center, between the main entrances. In the case at the entrance of the grocery department was a child's table and complete tea set. A color scheme of lavender was carried out.

The interior of the store showed resplendent. On the ledge extending along the dry goods departments were floral and ferns, between the lands of hyacinths and maiden-hair fern. Between each were drape of fancy dress gowns and slippers. On the center ledge were pedestals holding baskets of lilacs and maidens' hair ferns. Over all the lights were gaily dressed. Ferns were placed on all the counters.

The dress goods department, in charge of R. M. Evans, was complete in all the newest textures and weaves. It is a frivolous season and the revival of bright colors is a marked feature. Sombre shades have been laid aside and everything is gay and piquant. Draped styles predominate. Above all it is a season of richness in fabric and color. One of the most marked features in summer dress materials is the embroidery of colors on cotton crepes and velvets. The leading fabrics are crepes, satins, and Bulgarian effects.

In lace hand-made clays, flots and Duchesse lead. One case was devoted to an exclusive showing of hand-made lace in clays, laces and Duchesse. Another case was devoted to a rich showing of gold lace. In shadow, heavy bands and bouffants. The case at the entrance of the store was attractive with lace and a noticeable feature of which is the combination of bright colors. With the pretty lace effects. Many pretty effects in crepes were brought out by the artistic draper.

The men's and boys' suit department in charge of E. C. Moore, was not overlooked by the crowd. In men's wear the Norfolk and the popular. The coats are a trifle shorter and one of the new features is the patch pockets. The leading colors are gray, blue and brown. The narrow shoulders and the soft fronts predominate. In hats, the colors are gray, green and brown. The Norfolk suit for boys leads.

The shoe department and men's furnishing department in charge of W. L. Wright presented a neat and attractive appearance. Evening slippers, exotics and slippers in all the newest spring and summer styles were displayed.

As always, the millinery department was the great attraction for the women. Everything points to the continuance of the small hats. They are extremely close fitting. The leading colors, soft roses, the vivid greens, corals, the Madonna blue, the Cosque de Roche, were shown in exquisite creations. The latter shade will have an unprecedented run. In trimming flowers and garlands of flowers are used. Ribbons, fancy feathers and the sumptuous trim, are extremely popular. Miss Harriet Ridgeway is manager of this department.

On the same floor is the suit department of which F. W. Wright is at the head. It is a fitting companion for the millinery department and the showing of ladies' suit, waists and coats was never so large and exclusive. The popular outways, the new Balkan and Russian blouse style, the smartly tailored suits were shown in all the newest colors and weaves, including the black and white effects, shepherd's checks, fine stripes, flannel coats, mannish worsteds, serges, corded, mannish worsteds, serges, etc. The line of white dresses fashioned of velvet, heavily embroidered, with a wide girle of bright colored silk, wash dresses and suits, was the latest ever exhibited here. An elegant line of colored chiffon, lingerie and tailored waists was also shown. Spring coats were shown in all the

THE SONG TRUST FOOLED AGAIN

An "Unknown" puts over the
First Song Hit of 1913

Ever since "Come Back to Erin" and "Kilmarney," song writers have been attempting to "put over" a modern Irish ballad that would become equally popular. A hitherto unknown writer, Frederick Knight Logan, has accomplished this with "Kilmarney, My Home O'er the Sea," and the so-called "Song Trust" are astounded to think that this plum should have fallen to one outside their sacred portals. With the composer's permission, we reproduce the chorus, so judge it for yourself.

Kilmarney, My Home O'er the Sea

Refrain:

And I long for dear Ireland, Green
Isle of the West, Where the shamrock and
Sow's bloom'd for me... There the An-gels of
Peace held their bright wings and rest By the
Lakes of Kil-mar-ney, my home o'er the sea.

At first glance you will say the lyric is common place, but a second perusal shows it to be well written, while the melody is about as sweet and dainty as any you ever heard, as it "lingers," and you will surely want to hear it over and over again.

The music under-
wear and children's department was not overlooked, each being well stocked.

The carpet and curtain department in charge of L. W. Brown was never as well stocked. A rich showing of Oriental druggists and rugs was marked feature of the display. Lace curtains in all the newest designs, wall paper in new patterns, were also neatly displayed.

The basement department where china, cut glass and other house furnishings are handled was in gala attire for the occasion. This department is in charge of Mrs. Ella Eustard and presented an unusually attractive appearance. The grocery department which adjoins this department in the past year has become one of the most important departments of the store. The department is in charge of Stanley P. Jackson and was opened about a year ago.

ANNIVERSARY SALE IS INAUGURATED BY AARON COMPANY

Formal Opening is Visited
by Hundreds From All
Coke Region Points.

2,500 PLATES ARE DISTRIBUTED

Extensive Display of Furniture and
House Furnishings is on Exhibition
in the Big Building; Models in Many
Designs Interest the Visitors.

In attendance the opening day of the annual anniversary sale of The Aaron Company yesterday broke all records. The springlike weather added much to the success of the opening. The attendance was the largest in the history of the store. Patrons from Connellsville and all over the county took the advantage to witness one of the fine showings of furniture. The Aaron Company's store is recognized as one of the leading furniture stores in Western Pennsylvania and each year expands. Following the usual custom on the opening day, duty china plates, hand-painted in roses, were given out. The number distributed was 2,500, the largest ever distributed. The visitors began coming early in the morning and during the afternoon every department was crowded. The anniversary sale will continue all month.

Every department is stocked with furniture in all the newest designs and woods and the display yesterday was wonderful, the furniture being arranged in a manner which showed it to the best advantage. The two large display windows attracted much attention. In the upper window was an exquisite display of rugs and druggists and carpets in many pretty designs and attractive colors. The lower window was used for displaying a handsome bedroom suit.

On entering the store the visitors were taken on the elevator to the fifth floor where the souveniers were given out. On this floor was displayed library, diningroom tables and chairs in all the solid mahogany, fumed ovals, golden oak and Early English. The next department visited was on the fourth floor, where parlor, library and living room furniture was shown. In the front of the room was a newly furnished library.

The management of the store is more than pleased with the success of the opening day of the sale. Not alone they have been in business has the store been visited by such an immense crowd as yesterday. During the remainder of the month all will be made as welcome as on the opening day and will have an opportunity of getting a correct idea of all the newest things in furniture.

A GENEROUS OFFER

Your Money Refunded if Parisian Sage Dressing, Boush Dandruff, Pretty strong talk, perhaps you'll say, but it's honest talk, every word of it, because if A. A. Clarke was not absolutely certain; if he did not know from actual results obtained he could not make such a generous offer.

Parisian Sage can now be obtained in every town in America. It is guaranteed to stop falling hair and itching scalp.

It is the ideal, delightful, rejuvenating hair dressing that makes hair grow in abundance. Parisian Sage is a prime favorite with women, because it keeps the hair brilliant and fascinating. It is daintily perfumed, and is not sticky or greasy.

HERE IT IS, THE 13th OF MARCH, WITH EASTER DUE IN JUST TEN DAYS.

And all the World and His Wife Wanting New Clothes Before the 23rd.

We're busy—busy enough to do things well—and will be still busier as the days drop down from ten to two—or one.

Come when it pleases you, of course, but if your purchase is a suit—man's or woman's—and you want it to fit with all the nicety of fashion, the careful fitters should have a chance at you in time, so that we may not have the humiliation of sending you home a garment that is not satisfactory to the last detail.
